In General

A complaint is any verbal or written expression of disagreement or dissatisfaction by a customer or by a 3rd party (vendor, partner etc) regarding a service or product offered in accordance to Law 4354/2015, as in force.

Special Financial Solutions S.M.S.A. implements a sound, effective and efficient procedure for managing customer complaints, in view of the high level of reputational risk inherent in a reply that is inappropriate or not addressed promptly and taking into account the possible legal or compliance consequences.

The purpose of this procedure is:

- To establish, implement and maintain effective and transparent procedure for the reasonable and prompt handling of complaints received and of the measures taken for the resolution.
- To examine and resolve customer complaints and settle the differences with the least possible discomfort of all the parts involved.
- To analyse the problems encountered, to identify the causes and to report any customer suggestions regarding the improvement of the services and the products offered.

This procedure will be reviewed and updated on regular basis, by Compliance Department in order to be in compliance with the regulatory framework and to ensure transparency and high level of customer or 3rd parties' satisfaction.

The review shall include due consideration of the following:

- Instructions / requests for updating the procedure received from the Board of Directors,
- Requests for updating the procedure received from Internal Audit. The observance of the relevant procedures shall be subject to control by the Internal Audit.

This documented procedure and its amendments is communicated to all personnel.

Submission of the Complaints

A complaint may be submitted:

1. IN WRITTEN FORM

- By filling the CUSTOMER COMPLAINT FORM (Form No 1). The form is uploaded on the Company's internet site under section: "Contact us" and may be submitted by e-mail at the Company's generic mailbox: info@sfs-sa.gr to the attention of Complaints Unit or
- By sending a letter to the Company's postal address to the attention of Complaints Unit (Special Financial Solutions S.M.S.A., Filellinon 1 & Othonos, 105 57 Athens, Greece), indicating contact details, so that the Company can provide follow-up or

- By sending an e-mail at the Company's generic mailbox: info@sfs-sa.gr to the attention of Complaints Unit or
- By extra-judicial letter or bailiff.

2. VERBALLY

With regard to verbal complaints, these should not include any kind of trivial queries or sign of disturbance from the client on matters of day-to-day cooperation. Only strong verbal disputes should be included in the definition of a verbal complaint.

Verbal complaints can be made either over the designated phone number (tel no: +30 210 3200014), either during a face to face meeting. In case that the issue could not be resolved, the employee contacted should ask the customer whether he wishes to record a verbal complaint. In affirmative, the employee should fill in the CUSTOMER VERBAL COMPLAINT FORM (Form No 2), after duly notifying the complainant about the process to be followed and giving information on the processing of his personal data, as described below in detail.

Management of Complaints

Complaints must be analyzed as soon as possible. The Company has established a Complaints Unit under the responsibility of George Petrakos, Head of Portfolio

Administration. To secure the proper management of such issues and ensure their correct and timely treatment, the following steps should be applied:

1. Apart from the submission methods mentioned under (1) and (2) above, complaints may be received through different channels (electronically through e-mail, by fax, in hard copy) and in different forms (Word document, PDF files or even handwritten hardcopies). Complaints may also be directly received by members of staff from various Departments.
2. In all cases, complaints must be immediately forwarded to the Complaints Unit and Compliance Department, after they have been given a protocol number by the Reception to the written complaints (i.e. Complaint forms as per the Annexes of the present Procedure and in any other complaint letter).
3. The Complaints Unit/ Head of Portfolio Administration informs the Management and the Internal Audit Unit on the receipt of the complaint. Subsequently, he sends an acknowledgment of receipt to the complainant, whereby it is acknowledged that the Company has received the complaint and will proceed to its examination. The acknowledgment contains a link to the Company's site, where the complainant may easily access the Company's Customer Complaints Procedure.
4. Compliance department keeps a detailed record of complaints reported by any recipient of customer complaint. Complaints are recorded in the Complaints Register, including the following details:
 1. Date the complaint file was received
 2. Complainant's name
 3. Nature of the complaint
 4. Date of reply
 5. Status: Open/ Resolved
 6. Other notes (if applicable) & short description

The detailed records are kept in electronic folders by the Compliance Officer, as well as in hard copies by the Head of Portfolio Administration, under controlled access.

5. The Head of Portfolio Administration calls for a meeting or initiates e-mail correspondence, where the following functions participate:
 1. Legal (internal or external)

2. Compliance and
3. Any other involved function

The analysis of a complaint has as main purpose:

1. To define the degree of severity
2. To gather all information/data required for preparing the Company's reply

The meeting ends up to an action plan specifying the nature of the actions to be taken, who shall be responsible for taking them, as well as their respective schedules of implementation.

6. A reply to the customer complaints is expected to be submitted within ten (10) working days from the date of receipt the complaint, while the maximum period indicated by the Bank of Greece is forty-five (45) calendar days. When, for important reasons, it is not possible to provide a reply within the above timeline, the Head of Portfolio arranges for a letter to be sent to the customer in which the cause of delay is explained, as well as the time period within which the Company will provide the response to the customer.
7. A copy of the reply is also submitted to the Compliance Officer for purposes of updating the record monitor and for following-up on various actions decided, as well as for maintaining a progress status report of the respective Action Plans established.
8. In case the Company does not respond to the complainant, rejects the complaint or in case the complainant is not satisfied with the resolution of his complaint, he has the right to address his complaint to the Hellenic Financial Ombudsman (<http://hobis.gr/>). In all cases, the complainant reserves the right to file a lawsuit at any stage of the complaint.
